

DISCOVER. DEVELOP. VALIDATE

Smartsource in the Human Biospecimen Marketplace

www.DiscoveryLifeSciences.com

Dedicated to Advancing Next Generation Biomarker tests, Diagnostic Detection Technologies and Instrument Systems in Clinical and Analytical Development.

OUR 4 CLINICAL RESEARCH PRODUCT AND SERVICE PLATFORMS:

1 **Research Sample *bioBank*** | Find Over 250,000 Samples | Order Online | Immediate Overnight Delivery.

» Infectious Disease » Cancer » Chemistry and Immunology » Microbiology » Normal Control Patients
» Cardiac Disease » Whole Blood, Serum & Plasma » Panels for Assay Validation » OBGYN | Fertility
» Flu | Respiratory Viruses » Human Primary Cells | DNA » Therapeutic | Drugs of Abuse » Normal Human Biofluids

2 **Discovery Partners™** | Our Worldwide Network of Clinical Sites and Principal Investigators.

» U.S.A. » Canada » Puerto Rico » Mexico » Peru » Vietnam » Uganda » Russia » Italy » Germany » France
» Estonia » Egypt » S. Africa » Brazil » Spain

Academic Research Institutions, Hospital Networks, Medical Centers, Clinical Laboratories, Blood Centers and Community Based Physicians.

3 **DiscoveryTrak** | Human Biosample Program Management.

Successful Biomarker clinical research studies require comprehensive, coordinated management of PI's and Clinical Sites in order to Complete Maintenance of protocol compliance, specimen integrity, cold storage and transport of your time sensitive, data critical clinical research study.

4 **ValidateNow** | Customized New Product Launch Kits and Reference Panels.

Carefully assembled Sample Kits, Reference and Proficiency Panels consisting of clinically characterized clinical samples or diagnostic reference specimens and designed for IVD Companies who want to help their Clients quickly "onboard" and validate new Diagnostic Tests and Instrument Systems.
